

**Opportunity to offer service as
FPMTNA Web Developer & Web Designer
(temporary remote volunteers)**

FPMT's North American Regional Office is seeking an experienced WordPress Web Developer and an experienced WordPress Web Designer to spearhead a complete overhaul of our current website's appearance, functionality, and content into a modern, high-performing, dynamic website. Depending on experience and qualifications, this position could be held by or two people.

The goal of the website (fpmtna.org) is to serve as 1) an educational resource for diverse audiences including those new to Buddhism and/or FPMT and 2) a hub to connect with nearest FPMT centers and online courses/events.

Qualifications:

- Experience designing and developing WordPress theme-based websites, utilizing associated plug-ins, full-site editing and website performance optimization techniques
- Strong problem-solving skills and attention to detail
- Excellent communication and interpersonal skills for effective collaboration with team members
- Start date is ASAP; must be reliably available on a regular basis until project is completed.

How to Apply:

- If you're passionate about web design and/or development and eager to take on a challenging project, we'd love to hear from you with a resume and cover letter at fpmtnorthamerica@gmail.com. Thank you, we look forward to meeting you!
