

### **Maitreya Project Kushinagar Blanket Distribution Appeal**

As the winter cold approaches and temperatures drop to zero, Maitreya Project Kushinagar is appealing for your help to distribute blankets to the homeless and those in need in and around Kushinagar, Eastern Uttar Pradesh, India. This is part of the Maitreya Project Healthcare Programme initiated earlier this year.

Donations will be used to purchase good quality woollen blankets. Our target is to distribute at least 3,500 blankets to those already identified as being at risk during the coldest weeks of the year when temperatures drop to freezing.

One good quality blanket costs approximately 350 rupees

**To donate from within India, please kindly do so in Indian Rupees as follows;**
