California 1977

Kopan 1981

Yucca Valley 1977

For some time, Dharma centers have wanted beautiful photos of Lama Yeshe for their gompas, reception areas, libraries, guest rooms, and so forth, and students have wanted them for their home altars and elsewhere. The Lama Yeshe Wisdom Archive is very happy to announce that a series of newly restored and optimized portraits of Lama Yeshe, samples of which you see here, are now available in three different sizes at very affordable prices. Please go to [www.LamaYeshe.com](http://www.LamaYeshe.com) to see the other portraits in the series and to order high quality prints on 100% cotton rag white paper that is acid-free, lignin-free, and recommended for long-term archival use, plus tips on framing. 🌀
