

## **Work at the Center Is So Important and Beneficial**

“Thank you for your letter. I understand you have tried very very very very very hard. I appreciate very much all your help with the center for such a long time.

This work is very, very important: giving people the opportunity to meet Dharma and to practice Dharma – this is so important, so helpful, so beneficial you can’t imagine - or maybe you can! It’s important to understand how beneficial your work and the work of others there at the center is, and how important it is. Amazing amazing amazing!

Please rejoice in all you have and others have done – it’s so worthwhile.

With love and prayer,  
Lama Zopa
