

Gong To Call All Buddhas and Bodhisattvas

"This is a universal gong. By ringing this gong may all the buddhas and bodhisattvas pay attention and give us their blessings, favours and realizations. May they liberate all suffering pitiful mothers."

Lama Zopa Rinpoche. March 2003.

Additional advice to Land of Medicine Buddha, USA:

from then director, Sally Barraud:

"Rinpoche also said to have the gong in the gumpa during pujas, so we are making another holder for the gumpa, along the lines of Rinpoche's drawing. Then the gong will be able to be carried between the two places as needed."
