As I received information from Dharma our family' incomparably Glorious Saviour, His Eminence Lama Thubten Zopa Rinpoche had temporarily dissolved his Rupakaya into Dharmadhatu, I felt sad and lost. Although this news is a devastation for the Dharma and beings and an immense loss for us, Rinpoche had acomplished his life's deed.

I extended my solidarity and condolence primarily to Rinpoche's close entourage and to all the disciples. Rinpoche is a truly great secret yogi. His service and fame of spreading the Buddha Dharma in general and Gadenpa's tradition in particular throughout the world and His Kindness toward monastics or laity, individual or organization is matchless.

Now, what we must do is that we all must pray without the influence of eight worldly concerns, perform strong and vast prayers that all His Eminence Rinpoche's wishes are fulfilled and a reincarnation of a new young moon swiftly emerge for the benefit of the Buddha Dharma and beings and carry on the predecessor's lifelong commitments to the fullest.

I am also praying to Three Triple Refuge, the victorious ocean, to the best possible to my knowledge.

From Sera Mahayana, 104th Gaden Tripa Lobsang Tenzin, On Tibetan Year 2050, 2nd Month, Date 23rd and Year 2023, April 13th
